

KINGSWAY DYNAMIC MEDIA

Your Message with Impact

You know you want it.

You're just not sure what "IT" is. You require a new direction to move forward. You need to build excitement about your endeavor. You wish to enhance the perceived value of your product. You desire a strategy to differentiate, and create advantage. You demand a proven tool that delivers results. We have IT. **Kingsway Dynamic Media.**

Imagine! High-impact media about your company, selling your product, telling your message . . . in Motion, Print, and Web. This message in sight, sound, and color will be working for you day and night, all over the world! Kingsway will use many years of experience and professional digital tools to ensure your project is **on.message**, and **on.target™**.

What We Do

Technical research, creative concepts, graphic design, location filming, narration and music, animation, non-linear editing, authoring, and rich-media. It's all part of the **one-price custom package.**

Kingsway delivers a solution that delivers results. Use a laptop, tablet, or phone to show your digital cinema or rich-media project anywhere! Dynamic interactivity will drive pre-qualified leads to your website!

Content Management Systems provide the flexibility to easily update portions of the site, change the "look", stream video, manage email lists and newsletters, blog, and run promos or games. Now CMS search engine optimization and analytics is paired with graphics, web video, and rich-media as a customized experience that **transforms your site into a magnetic destination, so visitors return again and again!**

Why Kingsway?

Kingsway didn't succeed by making boring "Industrial Videos" or "Template Designs". For many years, Kingsway has prevailed through experience, innovation, and a persistence of vision. If the budget is tight, Kingsway can **re-edit**, **re-animate**, and **re-purpose** other content that you already have into new Dynamic Media! As your business changes, your Kingsway Dynamic Media can change with it. **Portions can be easily updated** or digitally altered. Save up to 50% on your next media project! Visit **KingswayDynamicMedia.com** and subscribe to our free web newsletter for exclusive RGB Reel-Deals! It's a fact: people absorb most of their information via Computers, Print, and Television. This is "where the eyeballs are".

Kingsway Dynamic Media **works.**
Is **IT** working for you?
